

FUNC MOBILE

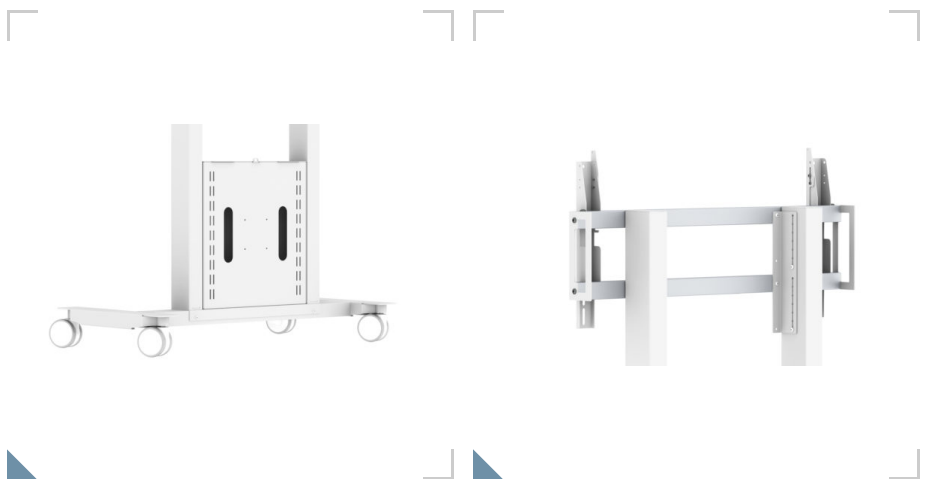

Simplicity on wheels.

Func Mobile is a stable and robust floor bracket perfect for large heavy displays and touch displays. Thanks to the wheels, it is easy to move the unit between rooms. The design includes a storage box for e.g. mini-PC, codec or laptop, easily accessed from the front. The box can be locked with a padlock (not included).

The display can also be locked with a padlock (not included) or the accompanying locking pin, which provides increased personal safety and protection from theft.

Now also available in white!
